PROGRAMS

Radical Rederick

Finding a seat at the table can be difficult, but what do you do once you get there? We will learn how to navigate spaces where voices are often shut down or not heard, and I will give you tools to use to empower yourself!

After attending this session attendees will be able to articulate their ideas in new groups, develop tools for feedback, and feel more confident in their voice! (intended for minority and women groups)

Team Talk

No matter what you do in life, you will need to work as part of a team and learn how to navigate those hard conversations. In Team Talk we will learn tools of successful teams and conflict management strategies to help you create efficient and effective teams!

After attending this session attendees will be able to create teams, navigate team dynamics, and understand how to communicate through conflicts in teams.

Emerging Leaders

This is a tailor made program specific to your needs. Topics include: Leadership 101, Digital Leaders, Women in Leadership, Conflict Management, Goal Setting, Dream Board Development, and more! These programs can be individual or series based.

After attending these sessions attendees will be able to have a deeper understanding of their leadership abilities.
